

Fabrizio Ferrari was born in Pavia (Italy) in 1968. He has a long experience in the field of small, medium and large power transformers, industrial transformers and in the main high, medium and low voltage components. He has gained previous experience as Quality and Environmental Management Systems Manager in the most important Italian Transformers Groups. He currently works as an independent Senior Advisor, collaborates as Business Development Consultant with TAMINI Trasformatori, holds the role of associate inspector with CESI/KEMA and carries out specific consultancy activities for some important Utilities (e.g. EGP, A2A, ENGIE). He is a member of TC 10, TC 14, TC 36 and TC 68 IEC/CEI, of TC 14 CENELEC, of CIGRE A.2 and of T&D Europe. He is Chairman in the "Transformers Group" of ANIE Energia inside ANIE Federation (Italian Federation affiliated to Confindustria).
